"When Napa Cuisine goes to China "

# The Venue

Located in the heart of Shenzhen with dramatic views of the city, Ensue offers an unparalleled experience in luxury for your next private event. With two floors to choose from or to combine, including our restaurant and our bar, Ensue allows for flexibility and custom-tailored events to fit your needs.

Led by Miles Pundsack and his talented culinary team, our special event menus are known for their indisputable quality of ingredients and expert preparation, ensuring that no matter the occasion, your gathering will be memorable.

# Enssue

The Restaurant

The name “Enssue” implies constant motion, continuation, striving for results.

Enssue is the first restaurant in China led by Chef Christopher Kostow, one of the world’s elite chefs who has maintained the highest honor in the culinary world of three Michelin stars for over 9 years.

Enssue represents Chef Kostow’s latest evolution, blending California farm-to-table culture and techniques with Cantonese tastes and ingredients. The menu at Enssue pays respect to the local products, unique palate and culinary traditions.

# Alcove

The Bar

Alcove is the bar at Ensue, and, like the restaurant, seamlessly blends comfort with quality. Alcove is a hideaway, a place to find peace and a sense of home. A world class restaurant deserves a world class bar, and Alcove brings a level of sophistication and elegance to South China.

With a painstakingly curated inventory, expertly crafted cocktails, and an emphasis on local products, a drink at Alcove is the perfect accompaniment to the breathtaking skyline view, either as a follow-up to a dinner at Ensue, or as a stand-alone experience.

# Private Dining

For special buyout events, we also provide the option of lunch, as well as Sundays and Mondays for more flexibility.
